When did any City, County or State law override a Federal Law?

5 When one amendment is active, other amendments are not allowed, like the 2nd?

That's like saying that murder laws cant be upheld because rape laws also exist.

Marbury v. Madison you fucking idiots, this ruling has been in place for two hundred fucking years already but you just pretend its not real?

<https://www.avoiceliberty.us/2015/08/a-law-repugnant-to-constitution-is-void.html>

“ Marshall did not arrogate to the Supreme Court any special power to overrule Congress' power to enact laws. Rather, his formulation was a mere expression of a pre-existing reality: a law that is inherently at odds with the dictates of the Constitution lacks any validity or operative force.

2

▼ Why do we expect the people working in DC to ever respect the constitution when it's one of the places where it's most violated? DC has for years blatantly violated the second amendment, but the court never cares. If we ever want to clean up our country, fixing DC will be a massive priority.
